Laerskool Malelane

SPRAAKTERAPEUT

Spraakterapie ondersteun kinders in die ontwikkeling van effektiewe kommunikasie-, taal-, spraak-, luister-, lees- en skryfvaardighede. Vroeë identifisering en intervensie speel 'n belangrike rol om elke kind se ontwikkeling en leerpotensiaal optimaal te bevorder.

Spraakterapie kan voordelig wees vir kinders wat:

1. Spraak- en uitspraakprobleme ervaar.
2. Taal- en kommunikasievaardighede moet ontwikkel.
3. Probleme met luister- en ouditiewe prosessering ondervind.
4. Ondersteuning benodig met lees- en skryfvaardighede.
5. Stamel of hakkel.
6. Ontwikkelingsagterstande of addisionele leerbehoeftes het.
7. Op die outistiese spektrum is.
8. Ondersteuning benodig met taalontwikkeling wanneer Afrikaans of Engels as 'n tweede of derde taal aangeleer word.

Elke assessering en terapiesessie word individueel aangepas volgens die kind se unieke behoeftes, sterkpunte en ontwikkelingsvlak. Waar nodig, werk die spraakterapeut nou saam met die arbeidsterapeut en ander professionele persone om 'n holistiese benadering tot die kind se ontwikkeling te verseker.

SPEECH THERAPIST

Speech therapy supports children in developing effective communication, language, speech, listening, reading, and writing skills. Early identification and intervention play a vital role in helping every child reach their full developmental and learning potential.

Speech therapy may benefit children who:

1. Experience speech or pronunciation difficulties.
2. Require support with language and communication development.
3. Have challenges with listening and auditory processing.
4. Need assistance with reading and writing skills.
5. Stutter or stammer.
6. Have developmental delays or additional learning needs.
7. Are on the autism spectrum.
8. Require support with language development when learning English or Afrikaans as a second or third language.

Each assessment and therapy programme is individually tailored to meet the child's unique needs, strengths, and developmental level. Where appropriate, the speech therapist works closely with the occupational therapist and other professionals to ensure a holistic approach to each child's development.
